Astropower, Inc. Reports Second Quarter Results

FOR RELEASE AT 4:05PM, AUGUST 2, 2000 **Second Quarter Highlights**

- Product sales increase to \$11.0 million, up 52.2%
- Net income grows 115%
- EPS of \$0.08 versus \$0.05 in 2Q 1999, reflecting the effects of increased capacity expansion
- Capacity expansion accelerated in response to increased global demand
- \$6.0 million order received from Los Angeles utility

NEWARK, DE – August 2, 2000 – AstroPower, Inc. (NASDAQ:APWR), a leading supplier of solar electric power products, today reported financial results for the second quarter ended June 30, 2000.

Financial Results

For the quarter ended June 30, 2000, total revenues were a record \$11,911,000, an increase of 49.1% from the 1999 second quarter. Product revenues for the three months ended June 30, 2000 were a record \$11,038,000, an increase of 52.2% from the three months ended June 30, 1999. For the three months ended June 30, 2000, net income was \$957,000 or \$0.08 per share on a diluted basis on 12.5 million weighted average shares outstanding, as compared to \$445,000 or \$0.05 per share on a diluted basis on 9.7 million weighted average shares in the year-earlier period.

For the six months ended June 30, 2000, total revenues were a record \$22,314,000, an increase of 47.5% from the comparable 1999 period. Product revenues for the six months ended June 30, 2000 were \$20,709,000, an increase of 52.8% from the six months ended June 30, 1999.

Management Comments

Commenting on the quarter, Dr. Allen Barnett, President and CEO of AstroPower said "We are pleased to report another record sales quarter, driven once again by 50%+ growth in product revenue. Customer demand for our products has reached unprecedented levels, and our factory is responding by significantly increasing manufacturing capacity to meet this demand. Increased market demand resulting from the German on-grid program continues to be a major factor. We have also experienced sharply increased levels of demand from other international customers in South Africa and Asia. Domestically, we won two major contracts with municipal utilities, both of which contributed to second quarter revenue. Our residential rooftop direct marketing campaign is now underway in four markets, with over 1,200 leads currently in house and being processed. We are starting to see sales ramping up, and will be expanding this program into two additional markets over the balance of the year."

Dr. Barnett added, "As announced last week, we are building manufacturing capacity at a higher rate than was contemplated earlier in the year. It is critical to capitalize on these existing opportunities to accelerate our market share acquisition. This accelerated growth trajectory is clearly in the best interests of our shareholders. This expansion will lead to a near term increase in expenses, which may be offset by increased revenue. We believe the benefits of our capacity expansion will be realized in the mid term."

About AstroPower

AstroPower is the largest US-owned manufacturer of solar electric power products, and one of the world's fastest growing solar electric power companies. AstroPower develops, manufactures, markets and sells solar cells, modules, panels and systems for generating solar electric power. Solar electric power systems provide a clean, renewable source of electricity in both off-grid and on-grid applications. For more information, please visit www.astropower.com
